

Designers ON DISPLAY

June 2011

Dear Readers

With such a mild start to the winter months it seems everyone is making the most of it and getting out and about to enjoy what this beautiful part of the country has to offer. We have so much in the way of exciting events and places to visit in this month's newsletter that you should really take a load off and settle in for a good browse.

Mother's day has been and gone and I hope all the mothers out there got deservedly spoilt, but June is the month we celebrate our fathers. Why not plan a weekend in

Ballito in early July, as a belated **treating for Dad**, at the **Ballito Prawn and Jazz festival**?

If you are planning a trip to the Midlands, **Granny Mouse** is geared up for your every event requirement. From corporate events to private parties or weddings, at such a breath-taking venue you can't fail to enjoy yourselves.

While you are in the Midlands you should pop in to the **Corrie Lynn Kids furniture open day** at the end of June. Your children will adore the miniature versions of the grown-ups hand crafted furniture designed with their needs in mind.

So from the north coast to the Midlands there are great places to visit and things to do. I hope you have enjoyed being kept up to date with the latest posts on **Twitter** and **Facebook**. I would love to hear back from you if you have found something of interest to do or see since joining us.

And if your business needs a boost, contact me, my network and database are working for so many, why lose out?

So brew yourself a cup of refreshing tea, put your feet up and mosey through this month's news.

What has us in a frenzy at the moment just has to be our fresh new range in clothing. We have become the proud stockists of Colleen Eitzen, Amanda Laird Cherry, Big Blue, Ellie Hope and Beleave designer clothing. All our rooms are filled to the brim with wonderful new designs, colours and textures
