#### 2014: Where will YOU be?

Remember when we said Cape Town was a sure thing in 2014? Well, we called it, as you can

see. The prestigious **World Design Capital** status, designated biennially by the International Council of Societies of Industrial Design (ICSID) to cities that are **dedicated to using design for social, cultural and economic development** is a major coup for design of all kinds in South Africa, and well deserved.

#### Interior Designer of the Year Award
